

RESOLUTION OF THE
WHITE MOUNTAIN APACHE TRIBE OF THE
FORT APACHE INDIAN RESERVATION

WHEREAS, the Tribal Council of the White Mountain Apache Tribe is advised that there has been an experimental change in work scheduling for federal government employees whereby employees work four, ten-hour days per week, and

WHEREAS, because of the long distances that the Tribal Forestry Crews, Land Operations Crews, Reservation Programs and Housing are required to travel to get to their work sites, such new work schedules may prove to be more cost efficient from a work standpoint, and in addition could reduce gas consumption by twenty percent (20%), and

WHEREAS, this experimental work schedule would not be mandatory for the Forestry crews but would be initiated on a volunteer basis.

BE IT RESOLVED by the Tribal Council of the White Mountain Apache Tribe that an experimental change in work schedules to four, ten-hour days be undertaken by the Federal Government for reservation field personnel in Forestry, Land Operations, Reservation Programs, and Housing.

BE IT FURTHER RESOLVED that if the Federal Government approves this experiment, Tribal employees volunteering for such work experiment shall work under the same overtime provisions and work schedules as Federal employees.

The foregoing resolution was on March 16, 1981 duly adopted by a vote of 9 for and 0 against by the Tribal Council of the White Mountain Apache Tribe, pursuant to authority vested in it by Article V, Section 1 (i) of the Amended Constitution and By-Laws of the Tribe, ratified by the Tribe June 27, 1958 and approved by the Secretary of the Interior on May 29, 1958, pursuant to Section 16 of the Act of June 18, 1934 (48 Stat. 984)
